We structure deals. Our business proposals and our joint venture invitations have a wide reach. Our company list of 100 countries demands as many friends in those nations as possible. Real people working with real people is the way to go. Many commercial music business executives are currently invited to participate in special alliances based on promoting our novelty song, the new global anthem, "I SEE MYSELF IN YOU". INTRADO and globeNewswire.com will deliver news stories on how our allied super star singers in each of the 100 countries is doing with releasing their "I SEE MYSELF IN YOU" master recording in the language of their beloved country! INTRADO and Sanders are also designing the biggest "Up-With-People" music concert simulcast of 2020 targeting... yes, you heard it right... 1 billion screens (hand held devices included)!!
